Authorization to be given to the Board of Directors to enable the Company to buy back its own shares within the statutory limit of 10% of its share capital and not exceeding a maximum price of €100 per share, excluding costs

Voting in accordance with the quorum and majority rules applicable to ordinary shareholders' meetings and having considered the Board of Directors' report, in accordance with article L.225-209 of the French Commercial Code, the shareholders authorize the Board of Directors, with the possibility of delegation, in accordance with the laws and regulations applicable at the time of exercise of such authorization and in particular the provisions and requirements of articles L.225-209 *et seq.* of the French Commercial Code, articles 241-1 to 241-6 of the General Regulations of the French financial markets authority (*Autorité des marchés financiers* – AMF) and European Regulation no. 2273/2003 of December 22, 2003, to purchase, on the Company's behalf, on one or more occasions and whenever it deems appropriate, a number of the Company's own shares, within the statutory limit of 10% of its share capital (at any time whatsoever, this percentage being applicable to the share capital adjusted in light of transactions impacting it subsequent to this Meeting), it being specified that the maximum percentage of shares bought by the Company with a view to holding and subsequently delivering same as payment or exchange in connection with a merger, spinoff or contribution, is capped at 5%, as provided by law.

This authorization is given to enable the Company to:

- maintain a liquid market in the Company's shares through market-making transactions carried out by an independent investment firm under a liquidity agreement that complies with the AMAFI code of ethics approved by the AMF;
- deliver shares upon the exercise of rights attached to the issue of securities giving access to Company shares and stock option plans, or in connection with share grants to employees and corporate officers of the Company or companies within the same Group, or the allocation or transfer of shares to employees under profit sharing plans, employee share ownership plans or employee savings plans;
- hold shares for subsequent delivery as payment or exchange in connection with external growth transactions; and

Under this authorization, the Company shall be permitted to buy back its own shares provided it complies with the following limits (which may be adjusted in connection with transactions affecting the share capital of the Company):

- the maximum purchase price per share shall not exceed €100, excluding costs;
- the total amount of funds set aside in connection with this buy-back transaction shall not exceed €394,537,400. The authorization given to the Board of Directors with the possibility of delegation in accordance with the law, will allow the Board to adjust the abovementioned purchase price in the event of a change in the par value of the shares, a capital increase through the capitalization of reserves and the granting of free shares, stock splits or reverse splits, capital redemption or reductions in share capital, the distribution of reserves or other assets and any other transaction affecting equity, in order to take into account the impact of such transactions on the value of its shares.

The shareholders resolve that the acquisition, sale and transfer of the Company's shares may be carried out by any means, in part through the use of derivatives, whether on the stock market or over the counter, excluding the sale of put options save in the case of exchanges in accordance with applicable regulations. No restriction applies to the portion of buybacks carried out through block trades, which may account for the entire program.

Shares held for purposes that are no longer compatible with the Company's strategy may be disposed of subject to the approval of the Board of Directors and provided that the financial markets are informed thereof.

Consequently, full powers are granted to the Board of Directors, in particular for the purpose of determining the advisability of initiating a share buyback program after publication of the program description and setting the terms and conditions thereof, to use the authorization hereby given or to delegate same to the Chief Executive Officer or, subject to the approval of the latter, to the Chief Operating Officer – it being specified that the Chief Executive Officer, or the Chief Operating Officer as the case may be, must report to the Board of Directors on how this authorization has been used – i.e., by placing all trading orders, entering into all agreements and completing all registrations and formalities with all entities, in particular the AMF, amending the bylaws and, generally, doing whatever is necessary.

With effect from the date hereof, this authorization supersedes, where applicable insofar as they have not been exercised, all authorizations previously given for the same purpose, for a period expiring at the close of the Annual General Meeting called to approve the financial statements for the year ending December 31, 2013 or eighteen months from this Annual General Meeting, whichever is the earlier. It may be used at any time, except during a public purchase and/or exchange offer initiated by the Company, subject to applicable laws and regulations.
